Signature Designs

Don't settle for ordinary.

You want your project to be more than just another "me too" repeat of what's been done before. Make your project stand out with one of these "signature" designs from Frascio, a global leader in hardware design.

This collection is specially curated from the Frascio catalog to provide elegant yet unique lever design options that will help set your project apart. Whether your perfect solution is modern, contemporary, transitional, or classic, we have Signature design options and finishes that are sure to complement.
